WELCOME TO LIT WHY LIT WORKS

1. It is common knowledge that we learn and retain information through "repetition".
2. Repetition is not always easy or practical. "LIT MAKES IT EASY AND PRACTICAL".
3. Many times searching through masses of data to find the key information to learn is time consuming and inconsistent. LIT makes it faster and less stressful because the key information has already been extracted so that you only practice the "essence".
4. Many experts believe spaced repetition locks-in information, which can eventually become a habit. LIT PROVIDES SPACED REPETITION WHICH HELPS CREATE RETENTION OF INFORMATION AND BEGINS BUILDING HABITS.
5. Studying and learning can be laborious, tedious, and stressful. LIT does not require studying. Learning through LIT takes much less time than studying to achieve mastering and retaining information. When using the LIT Method, just type in the key words. If you do not remember the key words, then use the "hint" button as often as you like until you learn the answer.
6. LIT is taken over 3 days to achieve major benefits. The first day takes the longest. You will be amazed how well you know the information when completed. And best of all, when you are finished, you should know all of the key information without studying. This information should help you become more successful and productive.
